

**Mining Technology, Applied Technology
Madisonville Community College**

Experience mine training that is cutting edge, the first of its kind.

Hello. I am Rick Caskey, Miner's Technology coordinator for Madisonville Community College and the KY Coal Academy.

We want to encourage you to be part of the most exciting coal mining education in history.

MCC utilizes the virtual environment along with a simulated environment-learn the mining process, safety, electricity, mechanics, law, emergency techniques, and escape in smoke via a lifeline. Learn the tools of the industry, the thoughts of experience and the reactions to the unexpected.

MCC offers a pathway to a safe career in the underground and surface environment elements of mining begins the climb to an associate's degree with certificate levels along the way.

Your choice, your pace, your career-DO IT NOW!
