

Madisonville CRC Minutes
Feb. 9, 2007
1:00

Present: Chantay Stallins, Dawn Chumley, Andrea Deal and Sarah Oglesby.

The following comments were made:

Cultural Studies Application for His 101 had the same justification as the General Education Application and there was a format error on 14a

CPU 150-No involvement of others (#8) The committee questions why even offer this when other transfer course are available and it doesn't meet the definition of a general education course. It seems a disservice to students and a hardship to advisors. The deactivation date is incorrect.

OST 120 –change implementation date to Spring 2008.

All forms of the Respiratory Care proposal should have no deactivation date. The justification should include the change in the number of hours in the statement. Machine Tool needs colons instead of diagonals in ratios and the implementation dates changed throughout the package.

Sherry Hewell had identified the Bioethics course as being on the list to Deactivate. Sarah distinguished between the terms inactive (not taught in two years but still viable) from deactivate (drop completely with only the number remaining for use when the course is resubmitted as a new one). All felt the inactive and deactive courses listed should be resent to all faculty for review.

Respectively submitted,

Sarah Oglesby
