

**2007-08 College-Wide Goals**  
(Aligned with KCTCS Strategic Goals)

**1. Promote excellence in teaching and learning (KCTCS Goal)**

- 1.1 Incorporate classroom techniques and strategies that create active and independent learners.
- 1.2 Adopt active learning strategies, applications, and other activities to support critical thinking across the curriculum.
- 1.3 Implement method of sharing instructional best practices related to critical thinking.
- 1.4 Enhance adjunct faculty development.
- 1.5 Develop common student evaluation of instruction for all classes, traditional and on-line.

**2. Increase student access and success (KCTCS Goal)**

- 2.1 Manage facilities consistent with the needs of the college's educational mission.
- 2.2 Obtain fiscal resources necessary to enhance the college's educational mission.
- 2.3 Ensure that the Career & Academic Planning Center provides information and resources related to non-academic concerns.
- 2.4 Engage students socially and academically to form a community of learners.
- 2.5 Provide programs that help students bridge the gap between college and the workplace.
- 2.6 Improve on-line communication with students.
- 2.7 Develop and implement comprehensive plan to address short and long term technology needs of faculty and students on all campuses.

**3. Promote diversity and global awareness (KCTCS Goal)**

- 3.1 Incorporate diversity and global awareness activities in classroom pedagogy.
- 3.2 Provide arts education and cultural development programming to meet community needs.
- 3.3 Adopt recruitment strategies in business and industry to increase minority enrollment.

**4. Enhance community and economic development (KCTCS Goal)**

- 4.1 Develop successful partnerships with mining industries to implement current training plans and develop future programs.
- 4.2 Market repetitive workforce continuing education programs to obtain consistency for revenue and planning.
- 4.3 Restructure technical programs to meet employer needs more effectively.
